**Accepting who I am.**

**Current mood:** 😊 happy

**Category:** [Life](#)

As I was going through some very old journals this morning, and stuff on the internet, I realized : Who gives a rats ass on what people think of you? Why worry what people you have never met think?

My take on that is: I don't give a shit! Either people like me for who I am, or they don't.

Do you know who I am?

I do!

Do I care what people who don't know me think of me?

Not one bit!

See, I know who I am, what I want, and I look at it as:

Why play the games all these dumb ass people play?

It's a waste of my time, so I just tell it how it is!

Like it or not, I put my cards out on the table, I don't play the games, and I am not going to be someone I am not, just to make a friend or keep a friend.

So for what it is worth: Like me or just leave me the hell alone!
